* * * * *

A lifetime of service can be touched upon in these few words. Bob came here from Reading, Massachusetts in 1943 and made Sanbornton his home on return from the Army. Devotion to good government, family, and God were the guiding principles of his life. When serving the Town he carried out his duties both with a reverence for our Town's heritage, and a hope for its future.

He regarded as unique his experience working with the Sanbornton Fire Department, sharing the rewards of accomplishment.

He enjoyed being a good neighbor and gave freely of his time to all. He will be missed by all.

CARL E. HANSON
1885 – 1974

Carl E. Hanson, born in Northfield in 1885, came with his parents the following year to the Hanson farm in Sanbornton where he grew up, and became a successful farmer.

He became deeply interested in civic affairs, and over a period of sixty years he had held six elective offices; auditor, collector, treasurer, selectman, moderator, and representative to the General Court. Whatever office he held in town or community, he worked for its best interests, and his judgment was respected.

He served as a trustee of the Iona Savings Bank from 1930 to 1973, a member of Moulton's Band for 74 years, a director of Belknap County Farm Bureau, Past President of the Historical Society, Past Master of Harmony Grange, a member of Doric Lodge F and AM and the Rotary Club in Tilton. He was a member of the congregational Church in Sanbornton and its choir for 65 years.

His last official task came on March 6 when, with hidden emotions, he was called to serve as a moderator for a departed friend. Shortly after, on April 15, he, too, had completed his work.

Carl Hanson and Robert Gray, two loyal and respected citizens, will be remembered for a long, long time.

SELECTMAN'S REPORT

T.R.A. money will be used this year to continue work on Lower Bay Road.

In 1975, if you feel you qualify for current land use assessment, Veterans' Exemption or Elderly Exemption, you must apply before April 15.

Each taxpayer must file an inventory with the Selectmen before April 15, or he has no legal recourse regarding his assessment for tax purposes.

Students who wish to apply for scholarships may acquire applications from their school principal or the Selectmen's office. These must be filed no later than May 1, 1975 at the Town Office.

No progress has been made on the Hermit Lake project, due to lack of funds. Plummer Shores lot 21, Plan I has not been sold.

Taxpayers: Please be sure to notify your Savings Bank that you are a resident of Sanbornton. Interest and Dividends Taxes are reimbursed by the State to our Town. It is a source of revenue.

All taxpayers are welcome and encouraged to meet with the Selectmen with all matters, the first and third Monday of every month. Appointments may be made for any other Monday night with any Selectman. Meetings are open to the public, and you are welcome.

POLICE DEPARTMENT

The Police Department has again gone forward in providing the community with greater coverage and increased effectiveness for the year. We shall continue to progress in this manner and at the most economical methods available to the community. This is why we have applied for and received grants from the Governors Commission on Crime and Delinquency. These grants have been in the area of communications, which will afford us the ability to maintain effective communications with other agencies to our own units.

The personnel assigned have completed training in the area of all phases of Law Enforcement. Part-time Police Officers have completed training for Part-time and Special Officers as conducted by the New Hampshire Police Training and Standards Council. Officer Maurath has completed two weeks schooling on Drugs and Narcotics Enforcement, which was conducted by the council. The year of 1975 has more programs of training available and a number of these courses have been applied for. We are fortunate to have training made available by the council since it greatly increases the effectiveness of your Department.

Crime and Motor Vehicle offenses in the community have increased by about 45.2% in the last year, even so we are still one of the lowest crime areas in the county. However, we will not be able to cope with the increases without additional systems and personnel to bring the offenders to justice. This can only come about with you, the citizens, in complete support of your Police Department. Remember, a Police Department is only as effective as its community wishes it to be. This support is not only in the area of finance but in the area of reporting crimes and offenses, as well.

I wish to thank the State Police, Belknap Sheriff's Office and surrounding communities for their assistance to this community and Department, for without them, supression of crime would be an impossible task. I also wish to thank James Cluett for the services he has rendered the town in his roll of a Police Officer. I regret his departure from the country.

Respectfully submitted,
Louis R. Nielsen
Chief of Police

SANBORNTON FIRE DEPARTMENT

With the erection of the Sub-Station completed, heat and lights were installed and a well drilled. In the spring we will pipe in the water and install a septic system. This is to be paid for with money earned by the Fire Department.

Last year the town voted to accept the National Fire Protection Life Safety Code. This year the State Department of Safety is asking towns and cities to accept the provisions of the National Building Code. This code applies to new construction of Public Buildings.

We have spent many hours in training within the Mutual Aid System and in return seven towns responded to pre-planning and training sessions in Sanbornton. This is a continuing program.

Twelve firemen attended the two-day fire school at Lilly Pond.

The department responded to 21 calls in town and 15 Mutual Aid calls.

A new sign was donated and erected on the Sub-Station.

We wish to thank everyone who contributed with gifts of money, or in any other way, to the department.

We wish to acknowledge the gift of \$400.00 from the Ladies Auxiliary and thank them for their untiring efforts in behalf of the Fire Department.

Much credit goes to the Lakes Region Mutual Aid Dispatch Center for their superb handling of calls and dispatching of equipment. This center has immeasurably increased the fire fighting capability of the whole area thus causing a reduction in our fire insurance premiums.

Respectfully submitted,

George S. Currier,
Chief

WINNISQUAM FIRE DEPARTMENT

CLERK'S REPORT FOR 1974

Total number of emergency calls — 66

Nineteen (19) were Mutual Aid calls

Forty-Seven were in the Winnisquam area

These calls were in the following towns:

Belmont	18
Tilton	11
Sanbornton	18

Type of Calls:

Rescue & Vehicle Fire	15
Residential	14
Commercial	6
Stand-By & Cover	10
False Alarms	2
Chimney	5
Electrical	2
Brush Fire	12

The trucks were operated — 66 miles

Total man hours spent — 1022 hours

The present fire equipment consists of the following:

- 1 1968 750 gallon pump — 1000 gallon tank
- 1 1952 500 gallon pump — 600 gallon tank
- 1 1958 Van type Rescue truck
- 1 Restored Army truck
- 275 gallon tank — 350 gallon pump

There are at present twenty-eight (28) volunteer firemen enrolled in the department. A Regular Meeting, Officer's Meeting and a Drill are held once each month, as well as attendance at Mutual Aid Meetings and Fire Schools.

Approximately seventy (70) children in the Winnisquam area attended the annual Carole Davis Children's Christmas Party in December, met a real Santa Claus, and were given presents, candy and ice cream.

Work is progressing on the restoration of the Army truck. The truck has been made mechanically fit to fight forest fires.

The department has purchased five hundred feet of four inch hose, and has also purchased an air chisel for the Rescue truck to enable faster extrication of trapped victims of automobile accidents.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

All open burning when the ground is not covered with snow is controlled by the Town Forest Fire Warden in cooperation with the New Hampshire Forest Fire Service. Anyone wishing to kindle a fire out-of-doors when the ground is not covered with snow must have a written permit signed by the Town Forest Fire Warden. If the fire is to be kindled on land not owned by the person kindling the fire then he must have the permission of the landowner. No outdoor fires can be kindled between 9 A.M. and 5 P.M. unless it is raining, without the additional approval of the District Forest Fire Chief.

The 1974 forest fire season was one of the worst in the past two decades. Woodlands in central and southern New Hampshire became so dry in mid-August that the Governor and Council, upon the recommendation of the State Forester, enacted a partial woodlands closure in Sullivan, Cheshire, Hillsborough, Merrimack and Belknap Counties and a complete woodlands closure in Strafford and Rockingham Counties plus the Towns of Barnstead, Gilmanton and Alton in Belknap County. Through the excellent cooperation of the citizens of our State no major forest fire occurred at any time during the year.

SANBORNTON PLANNING BOARD

The Year 1974 saw a reduction in subdivision applications in the town although the Planning Board continued to meet twice monthly. During 1974 the Board met 24 times and 13 subdivision applications were received.

In the early part of the year the Board completed hearings for ten amendments to the Zoning Ordinance. Hearings were well attended and the many comments and criticisms assisted the Board in its deliberations.

A subdivision regulation for minor subdivisions was adopted. The aim was to reduce the cost of surveying in situations where only two lots were involved and the property owner did not intend future additional divisions for a ten year period.

Effort was applied to update the town map. Map preparation was done by the Lakes Region Planning Commission (LRPC). To provide data for the map, the Board reviewed the minutes of all town meetings, since the zoning ordinance was adopted in 1956 and research was done to determine the proper names and classifications of roads throughout the Town. An updated Town Map will be offered for citizen approval at Town Meeting.

Review of the minutes established that two areas "spot zoned" commercial in 1959 to accommodate existing business no longer had commercial uses; consequently, amendments were prepared for the 1975 Town Meeting to return these "spots" to their previous districts. (Because of an amendment accepted at the 1975 Town Meeting, "spot" zoning to permit "home industry" businesses will not be needed in the future, since the authority to approve home industry was granted to the Board of Adjustment.)

The Board asked assistance of the LRPC in preparing map overlays to show soils, slopes and wetlands which exist in the Town. During 1974 we received a soils map and reviewed preliminary slopes and wetlands maps. The last two are being finalized by the LRPC.

The Board also sought to increase its understanding of the effect of development on existing town services. A meeting was held with the Town Fire Marshall who described the present Fire Protection capability and estimated costs for future expansion. A similar session was held with the Chief of Police. The Board feels it received information useful to the planning process and plans future meetings to discuss education and town road maintenance. These sessions are consistent with the instructions of the U.S. Court of Appeals in the Steele Hill Development vs. Sanbornton decision, in which the town is instructed to establish logical bases for large lot zoning.

Board members held several sessions with the Town attorney in preparing to defend the Town against a Steele Hill Development, Inc.,

suit to install a mobile home park with substandard lots in the General Agriculture District.

A subdivision plan for lots on land surrounding Hunkins Pond was approved. The developer cooperated with the Board in accepting a 200 foot building line back from the Pond. The 1962 comprehensive Town Plan recommended protection of Hunkins Pond as a possible public water supply. Therefore, the Board drafted an amendment to the Zoning Ordinance to protect Hunkins Pond in accordance with recommendations received from the New Hampshire Water Supply and Pollution Control Commission.

Last year, and again this year, the Board received a citizens petition to increase the minimum lot sizes in all or a portion of the General Residence District. While the Board is sympathetic to the wishes of our citizens, the Court of Appeals decision and continuing litigation the Town is experiencing makes the Board reluctant to endorse these proposed amendments.

REPORT OF THE COMMITTEE TO EXPLORE ALTERNATIVE METHODS OF TOWN MANAGEMENT

Pursuant to Article 37 of the Town Warrant adopted in the Town Meeting of 1974 the Moderator appointed a committee of five as set forth below to explore alternative methods of town management. It was the understanding of the committee that the Article did not seek to explore alternative forms of town government but rather to seek a method to assist the selectmen in the discharge of duties. The following proposed and drafted warrant reflects the findings of that committee as reported to the Moderator by George Currier, Chairman of said committee.

To see if the Town will vote to create on a trial basis the position of Selectmen's Assistant. Said Assistant to be appointed by the Board of Selectmen after appropriate examination and screening. Said Selectmen's Assistant to be a member of the Fire Department and to devote not less than seven (7) hours a week to services for the Fire Department, and to serve in connection with the following activities:

1. Work with selectmen on research;
2. Follow-up on building permits;
3. Inspection of septic systems;
4. Water pollution permits;
5. Get information on tax appraisals;
6. Follow-up on subdivision work;
7. Work on tax map;
8. Work on fire inspection and investigation under the direction of the Fire Chief; and
9. Investigate federal grants which will be beneficial to the Town.

Said Selectmen's Assistant shall keep a worksheet which will be evaluated at the end of six months by the study committee and the Selectmen. Said Selectmen's Assistant activities shall be directed by the Selectmen's Assistant activities shall be directed by the Selectmen except to the extent to which said Assistant is to be directed by the Fire Chief during the seven-hour period per week with regard to services for the Fire Department.

It being the intent that this program will receive full federal funding for six months. If at the end of the six-month period said study committee and the Selectmen determine that the position of Selectmen's Assistant is financially feasible and provides a valuable

addition to the Town System, they may vote to continue the program for an additional six months to be funded by appropriate federal agencies.

SANBORNTON PUBLIC LIBRARY

The Library in Brief:

Hours	Wednesday, 1-8 P.M. Thursday, 1-8 P.M.
Telephone	286-8228
Librarian	Barbara S. Powers
Assistant to the Librarian	Priscilla C. Bodwell
Trustees	Barbara B. Akerman, Chairman Rev. David Picciano, Treasurer Marcia L. Van der Mast, Secretary
Number of books circulated	1,220 (Adults) 3,351 (Children)
Books added to Library collection	222

The Library meeting hall continues to serve as a meeting place for many town organizations. These are the Sanbornton Band, the Sanbornton Historical Society, the Sanbornton Hill 4-H, the Congregational Church School and the Cub Scouts.

This year the Sanbornton Public Library joined the Scrooge & Marley Book Co-operative with headquarters in Franklin. The name Scrooge & Marley is an acronym for Service Center Region Organized to Overcome Growing Expenses & Multiply Available Revenues for Libraries Enlarging their Yield. The book co-operative, which was formed in the spring, consists of nine area libraries and enables our Library, as well as the other eight member libraries, to purchase books with a volume discount. We transport our own books but the Franklin Public Library is in charge of the bookkeeping.

The Library has expanded its hours from nine hours per week to fourteen hours per week. A plan to retain the expanded hours through the summer is now under consideration.

Sanbornton Central School children continue to visit the Library on a regular basis throughout the academic year.

Among the many welcome donations received this year was a large collection of books and records from the Carl J. Pankratz family of Sanbornton.

Donations from Mr. and Mrs. Elwood Bennett were given for the purpose of purchasing childrens' books in memory of George W. H. Gilman, for many years a trustee of the Library, and his granddaughter, Nancy Gilman. A donation from Mrs. Ruth Gray, a former trustee, was also given in memory of George W. H. Gilman.

We wish to thank Mrs. Charles Lane for her continued interest and help at the Library during the summer months.

TOWN BUILDING COMMITTEE

A meeting of the study committee for town building needs held on February 6, 1975 at 8 p.m. in the Fire Station with the following representatives in attendance: Bob Bodwell, Mary Fuller, Bob Hurd, Andy Prokesch, Doug Prescott, Barbara Powers, Bill Powers, and Jean Suroweic. Bob Bodwell was appointed chairman pro-tem by moderator Bob Hurd and later made permanent chairman by vote of the committee.

After much discussion of the general needs of the three buildings, priorities were established as follows:

1. Determine which state agencies we are dealing with in terms of prescribed requirements.
2. Approval for projects to be based on boundary study, pollution board recommendations and requirements of state agencies.
3. Request each department head to submit a rough sketch of their needs.

It was suggested that in view of costs and in the interest of preservation; alterations are preferable to new construction.

A request is being issued to other interested departments to send representatives to join the committee for discussion.

Barbara Powers
Secretary

SOLID WASTE COMMITTEE

The Committee studied Regional Solid Waste Systems and negotiated with Laconia and other towns in regards to having them join us at a financial benefit to Sanbornton. The city of Laconia had other options that precluded their entering into a contract with Sanbornton. Laconia would have operated the site and received all the solid waste from Sanbornton at no cost to the town and would have paid the town of Sanbornton a substantial lease fee. The Committee has determined that without Laconia's participation it would be best to immediately activate the site for use solely for the town of Sanbornton. This will allow us to immediately utilize the \$15,000.00 grant which this Committee was successful in obtaining from the State of New Hampshire. The State with the \$15,000.00 grant designated Sanbornton's site as a Model Sanitary Landfill area.

The Committee was successful in obtaining, through Mr. Thomas Sweeney, the Army Reserve to come to Sanbornton and make a topographical map of the 49 acre site. This map is required for final approval by the State. The use of the Army Reserve to make this topo map will save the town approximately \$2,000.00. Due to the work schedule of the Reserve, there has been a six month delay in the initiation of the topo map. The actual work was started at the end of 1974 and will be completed soon.

The Solid Waste Committee was given the additional job of closing the old dump in the manner prescribed by law. The Committee learned from Mr. Clem Lyons, District Conservationist, the possibility of funds available for the closing of the old dump and proceeding in our typical manner initiated the paperwork and obtained a \$3,715.00 grant for same, results of which are of which are evident to the Town. A great deal of co-ordination was required between the committee and the soil conservation service of Belknap County for proper layout for drainage and use of site material to effect further savings in the closing of the dump. The work included a detailed survey and topographical map of the area. The Town matching funds required were provided through the use of town trucks and payloader. The Chairman wishes to thank Mr. Jean Auger, Town Road Agent, for his cooperation and work on the matter.

The Committee in evaluating the requirements for gravel for use on the access roads into the new Sanitary Landfill Area has located an excellent gravel site and has requested through the selectmen, a letter to go to the State requesting use of this site.

The Committee would like to state the following:

1. Purchase of 49 acre site for \$1,000.00

Value \$49,000.00; Savings

\$48,000.00

2. Received \$16,000.00 State Grant designation site as The State-Model Sanitary Landfill	+15,000.00
3. Test borings and access roads roughed in by State Highway Dept.	No Savings
4. Closing old dump, SCS Grant	Approx. Savings \$3,700.00
5. Topo Map & Survey done by U.S. Army Reserve	Approx. Savings \$2,000.00
6. Design and use of approved garbage container in order to keep dump open more than one day a week. Annual labor & equipment cost savings should be in access of	<u>\$2,500.00</u>
TOTAL SAVINGS TO TOWN	\$71,200.00

Future Work To Be Done

1. Layout plan of dump showing areas to be used for Sanitary Landfill. This also is necessary for final approval by the State.
2. Clear trees in access road and actual dump area.
3. Excavate sanitary landfill area and build access roads.
4. Build garbage container box.
5. Place two fences and gates.
6. Place fire hydrant at brook.
7. Build equipment shed and office building (future).
8. Investigate inclusion of other small towns in our area in a recycling center and possible open pit incinerator.

The Board of Selectmen
Sanbornton, New Hampshire 03269

Gentlemen:

In accordance with vote of the Town, an audit and examination of the accounts and records of the Town of Sanbornton for the fiscal years ended December 31, 1973 and December 31, 1974 was recently made by this Division.

The auditors' report and findings are currently awaiting final review by the Director in keeping with our established policy. Consequently, we are unable to submit a report of this audit prior to the publication of the Town's 1974 Annual Report.

We regret the inconvenience which this may cause. However, we fully expect that our report will be finalized and forwarded to your Board in the very near future.

Very truly yours,

Frederick E. Laplante, Director
DIVISION OF MUNICIPAL ACCOUNTING
DEPARTMENT OF REVENUE
ADMINISTRATION
